ACTIU

TALENT

Created to create

**ALEGRE
DESIGN**

www.alegredesign.es

Talent was created to consolidate a single solution that met all the arising needs in spaces that aim to motivate critical thinking, innovation and the transfer of knowledge in a much more active, fun and creative way.

Talent nace para concentrar en un único producto todas las necesidades que surgen en los espacios que pretenden motivar el pensamiento crítico, la innovación y la trasmisión de conocimientos de una manera nueva, más activa, divertida y creativa.

Talent est né pour concentrer dans un seul produit tous les besoins requis par des espaces censés motiver la pensée critique, l'innovation, la transmission des connaissances ; tout cela d'une manière novatrice, bien plus active, amusante et créative qu'avant.

Talent ist entstanden, um alle Bedürfnisse, die in Räumen entstehen, die kritisches Denken, Innovation, Wissensvermittlung motivieren sollen, auf eine neue Art und Weise zu bündeln, und zwar viel aktiver, unterhaltsamer und kreativer als bisher.

**DESIGNEUROPA
AWARDS 2021
FINALIST**

CULTURAL TRANSFORMATION IS PROMOTED BY MEANS OF THE FLEXIBILITY OF THE SPACES.

LA TRANSFORMACIÓN CULTURAL SE IMPULSA A TRAVÉS DE LA FLEXIBILIDAD DE LOS ESPACIOS.

SERIE 500

THE TALENT 500 LIFTING SYSTEM DOES NOT REQUIRE AN ELECTRICAL CONNECTION.

The height of the table can be regulated by means of an easy-to-use gas piston. This makes it possible to work standing up without the need for nearby power outlets.

El sistema de elevación de Talent 500 no precisa de conexión eléctrica. Mediante un pistón de gas de fácil utilización se regula la altura de la mesa. Esto posibilita trabajar de pie sin la necesidad de tomas de corriente cercanas.

Le système de réglage en hauteur de Talent 500 n'a pas besoin de branchement électrique. Grâce à un vérin à gaz simple à utiliser, il est facile de régler la table en hauteur. Cela permet de travailler debout sans avoir besoin de prise de courant à proximité.

Das Talent 500 Hubsystem erfordert keinen elektrischen Anschluss. Mit der Hilfe eines einfach zu bedienenden Gaskolben wird die Höhe des Tisches reguliert. Dadurch ist es möglich, im Stehen zu arbeiten, ohne dass Steckdosen in der Nähe benötigt werden.

Talent is made from a very resistant aluminium structure and a melamine surface with rounded corners and rubber edges to prevent injuries. Furthermore, it has a stand format, as well as the possibility of choosing surfaces that can be written on.

Talent está fabricada con una estructura de aluminio muy resistente y una superficie de melamina con forma redondeada en sus esquinas y cantos de goma para evitar lesiones. Además, dispone de un formato atril, así como la posibilidad de escoger superficies pintables.

Talent est est fabriquée à l'aide d'une structure en aluminium très résistante et d'une surface en mélamine à forme arrondie dans les coins et bords en caoutchouc afin d'éviter tout risque de blessure. De plus, elle possède un format pupitre et la possibilité de choisir des surfaces peignables.

Talent besteht aus einer sehr widerstandsfähigen Aluminiumstruktur und einer Melaminoberfläche mit abgerundeten Ecken und Gummikanten, um Verletzungen zu vermeiden. Darüber hinaus verfügt es über ein Rednerpult Format sowie die Möglichkeit, lackierbare Oberflächen zu wählen.

Talent is unique on the market by introducing a high technical performance table in training spaces. Adjustable, mobile and folding tables that have been designed for the customization of spaces and the application of learning methods based on practical intelligence.

Talent es único en el mercado al introducir una mesa con tal altas prestaciones técnicas en espacios de formación. Mesas elevables, móviles y abatibles diseñadas para la personalización de los espacios y la aplicación de métodos de aprendizaje basados en la inteligencia práctica.

Talent est unique sur le marché, car il introduit une table aux prestations techniques supérieures dans des espaces de formation. Des tables réglables, mobiles et rabattables, conçues pour la personnalisation des espaces et l'application de méthodes d'apprentissage basées sur l'intelligence pratique.

Talent ist einzigartig auf dem Markt, einen Tisch mit einer so hohen technischen Leistung in Seminarräumen einzuführen. Hub-, Mobil- und Klappische für die Personalisierung von Räumen und die Anwendung von Lernmethoden auf der Grundlage praktischer Intelligenz.

SERIE 300

PRACTICAL INTELLIGENCE.

Talent allows to enhance individualized training, the personalization of content and the development of one's own skills, establishing learning methods based on practical intelligence so that students can discover their creative potential.

Talent permite potenciar la formación individualizada, la personalización de los contenidos y el desarrollo de las habilidades propias, estableciendo métodos de aprendizaje basados en la inteligencia práctica para que los alumnos descubran su potencial creativo.

Talent permet de favoriser la formation individuelle, la personnalisation des contenus et le développement des capacités personnelles en établissant des méthodes d'apprentissage basées sur l'intelligence pratique, afin que les élèves puissent découvrir leur potentiel créatif.

Talent ermöglicht es, individualisierte Ausbildung, die Personalisierung der Inhalte und die Entwicklung der eigenen Fähigkeiten zu fördern und Lernmethoden auf der Grundlage praktischer Intelligenz zu etablieren, damit die Teilnehmer ihr kreatives Potenzial entdecken können.

For ease of maintenance and storage, Talent is stackable. The aluminium legs are designed to allow several users to work without disturbance or discomfort.

Para facilitar su mantenimiento y almacenaje, Talent es apilable. Sus patas de aluminio están diseñadas para que varios usuarios puedan trabajar sin interferencias ni molestias.

Afin de simplifier entretien et stockage, Talent est empilable. Ses pieds en aluminium ont été conçus pour que plusieurs utilisateurs puissent travailler sans interférence ni gênes.

Für eine einfache Wartung und Lagerung ist Talent stapelbar. Die Beine aus Aluminium sind so konzipiert, dass mehrere Benutzer störungsfrei und ungestört arbeiten können.

SERIE 100

THE TALENT 100 MODEL IS PERFECT FOR TRAINING SPACES AND EDUCATIONAL CENTRES.

They are fixed and compact tables which are 74 cm high, with a melamine surface and a steel and aluminium structure. They can be complemented with cable access grommets, flaps and have anti-slip levellers to prevent vibrations.

El modelo Talent 100 es perfecta para espacios de formación y centros educativos. Son mesas fijas y compactas de 74 cm de altura, con superficie de melamina y estructura de acero y aluminio. Se pueden complementar con acceso de cableado, faldones y cuenta con niveladores antideslizantes para evitar vibraciones

Le modèle Talent 100 est idéal pour les espaces de formation et des centres d'enseignement. Ce sont des tables fixes et compactes d'une hauteur de 74 cm et d'une surface en mélamine, avec une structure en acier et aluminium. Elle peuvent être complétées à l'aide d'accessoires de câblage et de voiles de fond, et possède des niveauurs antidérapants pour éviter les vibrations.

Talent 100 ist ideal für Seminarräume und Bildungszentren. Es handelt sich um feste und kompakte Tische mit einer Höhe von 74 cm, mit Melaminoberfläche und Stahl- und Aluminiumstruktur. Sie können durch Kabelzugang, Schürzen und rutschfeste Nivellierzvorrichtungen ergänzt werden, um Vibratiorien zu vermeiden.

TALENT SERIES

The program is structured around two areas: The Series 500 for office training areas and the Series 300 and 100 for multiuse spaces. For office and operational positions, the Series 500 has high-standing tables with an aluminium base, on wheels with adjustable height and even a large model with a height of up to 138cm

Este programa se estructura en torno a dos ámbitos: uno para las zonas formativas dispuestas en oficinas con la serie 500 y otro para espacios multiusos con la Serie 300 y 100. Para oficina y puestos operativos, la Serie 500 cuenta con mesas de pie central sobre base de aluminio, ruedas, regulación en altura e incluso el gran formato, con un modelo de hasta 138cm.

Ce programme est structuré autour de deux cadres : l'un pour les zones de formation disposées en bureaux avec la Série 500, et l'autre pour les espaces multifonctions avec la Série 300 et la Série 100. Pour les bureaux et les postes de travail, la Série 500 possède des tables avec un pied central sur une base en aluminium, des roulettes, un réglage en hauteur et même un grand format avec un modèle pouvant atteindre 138 cm.

Dieses Programm gliedert sich in zwei Schwerpunkte: einen für die in Büros mit der 500er Serie angeordneten Seminarbereiche und einen für Mehrzweckräume mit der 300er und 100er Serie, für Büros und Bedienstände verfügt die 500er Serie über zentrale Stehtische auf Aluminiumsockel, Rollen, höhenverstellbar und sogar das Großformat mit einem Modell von bis zu 138 cm.

TECHNICAL FEATURES

Información técnica

- 1** 25 mm melamine desk-top with straight PVC edge.
Superficie de Melamina de 25 mm con canto recto de PVC.
- 2** 25 mm melamine desk-top with PVC bumper edge.
Superficie de Melamina de 25 mm con canto redondeado de PVC y goma amortiguante.
- 3** Folding desk top with locking/unlocking system.
Tablero Abatible con Sistema de bloqueo/desbloqueo
- 4** 3 mm folded steel plate bracket with an epoxy paint coating.
Ménsula en chapa de acero plegado de 3mm recubiertos con pintura epoxi.
- 5** 70x40 and e=2 steel tube recessed crossbar with bumper edge to safely support the desk top.
Larguero retranqueado en tubo de acero de 70x40 y e=2 mm con tope para apoyo de seguridad del tablero
- 6** Ø60 mm aluminium column with an epoxy paint coating.
Columna de aluminio de Ø60 mm recubiertos con pintura epoxi.
- 7** Ø60 mm aluminium column with an epoxy paint coating and electropolished with polished finish.
Columna de aluminio de Ø60 mm recubiertos con pintura epoxi y electropolido con acabado pulido.
- 8** Straight aluminium injection legs with an epoxy paint coating and polished aluminium finish.
Pies rectos de inyección de aluminio recubiertos con pintura epoxi y acabado en aluminio pulido.
- 9** Ø46mm levellers with non-skid patch.
Niveladores de Ø46mm con soleta antideslizante
- 10** Aluminium injection bracket with an epoxy paint coating.
Ménsula de inyección de aluminio recubiertos con pintura epoxi.
- 11** Injected aluminium corner joint for attaching columns and crossbars.
Codo de unión de columnas y largueros en aluminio inyectado.
- 12** Polypropylene vertical stacking cap.
Embellecedor protector de Polipropileno.
- 13** Elevation system in the desk via a gas lift.
Sistema de elevación de la mesa mediante bomba de gas compensada.
- 14** 73x70 and e=2 mm extruded aluminium recessed crossbar, with bumper to safely support the desk top.
Larguero retranqueado de aluminio extruido de 73x70 y e=2 mm, con tope para apoyo de seguridad del tablero.
- 15** Injected aluminium telescopic central column with two 110x80 and 100x70 sections and e=2 mm, featuring gas lift elevation system, with an epoxy paint coating.
Columna central telescópica en aluminio extruido con dos secciones de 110x80 y 100x70 mm y e=2 mm, con elevación mediante cilindro de gas, recubiertos con pintura epoxi.
- 16** Aluminium injection legs with lateral junction, with an epoxy paint coating and polished aluminium finish.
Pies con entronque lateral, de inyección de aluminio recubiertos con pintura epoxi y acabado en aluminio pulido.
- 17** Stacking protection on the legs.
Protección de apilamiento en pies.
- 18** 65 mm diameter black wheels. 2 with brakes and 2 without brakes.
Ruedas negras de 65 mm de diámetro. 2 con freno y 2 sin freno.

SERIE 500

Height adjustable desks with castors and folding desk-top

Straight desks
Mesas rectas

* Dry erase surface (optional)
* Superficie de borrado en seco (opcional)

SERIE 300

Fixed desks with castors and folding desk-top

Straight desks
Mesas rectas

SERIE 100

Fixed desks with levellers

Straight desks
Mesas rectas

Straight progressive desks
Mesas rectas de progresión

* Possibility of adding modesty panel, cable tray and screen (optional)
* Posibilidad de Faldón, Canal de electrificación y divisoria (opcional)

CERTIFICATES AND REFERENCES

ACTIU products fulfill all demands about management, quality and sustainability to provide extra value to the projects using recycled materials to get the recyclable final product.

Actiu, the first industrial company in the world to obtain the WELL v2 and LEED Platinum Certification

ACTIU: 50 YEARS DESIGNING PUBLIC SPACES AND WORKSPACES.

Actiu is an industrial company working within the installation sector and specialising in the manufacture of furniture. Actiu's flexibility and productive capacity enable the company to carry out comprehensive equipment projects worldwide, providing solutions that favour the wellbeing of people.

ACTIU, 50 AÑOS DISEÑANDO ESPACIOS PÚBLICOS Y DE TRABAJO.

Actiu es una empresa con una trayectoria industrial en el sector de la instalación, especializada en la creación de mobiliario, cuya flexibilidad y capacidad productiva permite desarrollar proyectos de equipamiento global a nivel internacional aportando soluciones que ofrezcan el bienestar de las personas.

ACTIU, 50 ANS DE CONCEPTION D'ESPACES PUBLICS ET DE TRAVAIL.

Actiu est une entreprise dotée d'un parcours à caractère industriel dans le secteur de l'installation, qui se spécialise dans la création de mobilier, et dont la flexibilité et la capacité de production permettent de développer des projets d'équipement global à un niveau international, tout en apportant des solutions qui puissent offrir du bien-être aux personnes.

ACTIU, 50 JAHRE DESIGN UND PRODUKTION VON MÖBELN FÜR ÖFFENTLICHE EINRICHTUNGEN UND ARBEITSRÄUME.

Unsere ständige Forschung, Weiterentwicklung, Flexibilität und Erfahrung ermöglichen es uns, Projekte im privaten und öffentlichen Bereich der verschiedensten Sektoren auf nationaler und internationaler Ebene durchzuführen. Stillstand ist uns fremd. Uns treibt das Bedürfnis an, näher an den Menschen zu sein und Lösungsmöglichkeiten zu entwickeln, die den Endnutzern Wohlfühlgefühl bieten.

ACTIU reserves the right to carry out technical, dimensional and finishing modifications that it considers appropriate with respect to the information detailed in this document, so please check before confirming your orders.

ACTIU se reserva el derecho de llevar a cabo las modificaciones técnicas, dimensionales y de acabados que estime conveniente respecto a la información detallada en este documento, por el que se ruega verificación antes de confirmar sus pedidos.

We dream to go beyond our own immediate reality. We design to mature our desires. We walk because only our initiative changes the world and breaks new ground. We move ourselves by being ourselves without the fear of underperforming against our own expectations and goals.

D. Vicente Berbegal Pérez

President and Founder of the Actiu Group.

TALENT SERIE 100 - Fixed desks with levellers

- ① 25 mm melamine desk-top with straight PVC edge.
- ② 3 mm folded steel plate bracket in a white, black and aluminised finish with an epoxy paint coating.
- ③ 70x40 and e=2 steel tube recessed crossbar with bumper edge to safely support the desk top.
- ④ Ø60 mm extruded aluminium column in a white, black and aluminised finish with an epoxy paint coating.
- ⑤ Straight aluminium injection legs in a white, black or aluminised finish, with an epoxy paint coating and polished aluminium finish.
- ⑥ Ø46mm levellers with non-skid patch.

Optional Accessories:**Cable Access Management**

Ø80mm "U" cable access

Push Latch "T" cable access

Metal tray for "T" type cable access

Individual metal cable tray

Polypropylene flexible cable routing

Modesty Panel

Melamine or steel

Desk Top Screens

TALENT offers a variety of options in screens. Fully upholstered, with aluminium profiles or rails for attaching 3rd-level elements, melamine, glass or methacrylate

**CPU Holder**

Fixed to the cross beam

Linking Desks

Quick linking system. The desks are prepared to be linked laterally and frontally. They are fixed using an e=4mm plastic bracket

TALENT SERIE 300 - Fixed desks with castors and folding desk-top

- ① 25 mm melamine desk-top with PVC edge and shock absorbing rubber.
- ② Folding desk top with locking/unlocking system.
- ③ Aluminium injection bracket in a white, black and aluminised finish with an epoxy paint coating.
- ④ Injected aluminium corner joint for attaching columns and crossbars.
- ⑤ Polypropilene vertical stacking cap.
- ⑥ 73x70 and e=2 mm extruded aluminium recessed crossbar with bumper to safely support the desk top.
- ⑦ Ø60 mm extruded aluminium column in a white, black, aluminised finish with an epoxy paint coating and electropolished with polished finish.
- ⑧ Straight aluminium injection legs in a white, black and aluminised finish with an epoxy paint coating and polished aluminium finish.
- ⑨ Stacking protection on the legs.
- ⑩ Black, 65 mm diameter wheels. 2 with brake and 2 without brake.

Positioning legs in an angular position

The standard 300 SERIES offer 2 different angle positions by positioning the feet in 2 positions, so they can be angled or straight depending on the vertical stackability required.

**Folding the desk top desk-top:**

The 300 SERIES offers a folding system for the work desk-top, using a system in the brackets that features a locking and unlocking position for the mechanism. At the same time, this folding allows the desks to be stacked, thus saving space. The desks come with a protector on the legs for stacking.

**Optional Accessories:****Cable Access Management**

080mm "U" cable access

Push Latch "T" cable access

Metal tray for "T" type cable access

Polypropylene flexible cable routing

Folding Modesty Panel Linking of Desks

Melamine modesty panel

Quick linking. The desks are prepared to be linked laterally and frontally. They are fixed using a e=4mm plastic bracket

Technical Profile - Linking Desks

Linking device system for desks - TALENT 100 and TALENT 300

TALENT, in its 100 and 300 series, offers a fast linking device system for desks, thus permitting different configurations, making the desks stable and ensuring there is no unwanted movement while they are being used.

The desks are prepared to be linked laterally and frontally, using a e=4mm plastic bracket, which features a quick and simple linking device system.

TALENT SERIE 500 - Height adjustable desks with castors and folding desk-top

- ① 25 mm melamine desk-top with PVC bumper edge.
- ② Folding desk top with locking/unlocking system.
- ③ Aluminium injection bracket in a white, black and aluminised finish with an epoxy paint coating.
- ④ Injected aluminium corner joint for attaching columns and crossbars.
- ⑤ Polypropilene vertical stacking cap.
- ⑥ Elevation system in the desk via a gas lift.
- ⑦ 73x70 and e=2 mm extruded aluminium recessed crossbar, with bumper to safely support the desk top.
- ⑧ Injected aluminium telescopic central column with two 110x80 and 100x70 sections and e=2 mm, featuring gas lift elevation system, in a white, black and aluminised finish with an epoxy paint coating.
- ⑨ Aluminium injection legs with lateral junction, in a white, black and aluminised finish with an epoxy paint coating and polished aluminium finish.
- ⑩ Stacking protection on the legs.
- ⑪ 65 mm diameter black wheels. 2 with brakes and 2 without brakes.

Desk Elevation System:

The 500 SERIES has a push button under the desk top that is easily accessible, which allows the desk to be elevated using a gas lift. Height range: 74-104 cm.

Folding the desk top desk-top:

The 500 SERIES offers a folding system for the work desk-top, using a system in the brackets with a locking and unlocking position for the mechanism. At the same time, this folding allows the desks to be stacked, thus saving space. The desks come with a protector on the legs for stacking.

TALENT SERIE 500 - Height adjustable desks with castors and folding desk-top

Talent Desks with Laminated Writable Desk-top and dry wipeable

- 1 • 24 mm HPL desk-top with PVC edge and shock-absorbing rubber.
• White laminated melamine desk-top, suitable for writing directly on it with dry erase markers.
• Easily erased and cleaned with a simple cloth or rubber.

**Cleaning the Desk-top**

Easily erased and cleaned with a simple dry cloth or rubber, even when the writing has been there for a while. The use of chemical products for cleaning the desk-top is not recommended.

**Markers for Writing**

To correctly write on the desk-top, the use of **dry erase markers** is recommended in order to lengthen the desk desk-top's useful life.

TALENT SERIE 500 - Height adjustable desks with castors, folding desk-top and wiring access incorporated

Talent Desks with connectivity without detracting from mobility

① All models incorporate integrated connection access to the table surface with a plug.

- High-impact fire-resistant polycarbonate housing.
- Silver ring as standard
- Large plastic locking nut that can be tightened by hand Ø79mm
- 1 x schucko, + 2 USB-charger
- Dimensions: Ø10,8 x h:15,3cm

② Hook made of 3 mm thick steel plate, anchored to the bracket with capacity to pick up the wiring easily and cleanly.

③ Metal riser cables, made of 0,8 mm thick sheet steel, which allows simple wiring guidance, providing visual cleanliness.

④ Built-in 3m long cable wrapped in textile cable riser, with zipper system, with additional protection against flames and abrasion.

MATERIALS

Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability.
